ANNUAL REPORT 2023

DEAR FRIENDS AND SUPPORTERS,

I hope this finds you in good health and high spirits. As you read this, our annual report for the year 2023, I'm honored to share our progress over the past 18 months.

We have doubled-down in our commitment to support grassroots activism in an ever-challenging landscape for social justice advocacy. The world events of 2023—from the aftermath of a Capitol insurrection to genocidal blood baths in Gaza and Ukraine—brought unprecedented challenges, both globally and domestically, that spurred a responsive flurry on activism in the streets.

As you'll see from the groups that we funded, this responsiveness took many forms, from anti-militarism initiatives to social, racial, and economic endeavors. Domestic developments, including a rash of anti-protest legislation, created a more hostile climate for activism. In the highlights section, you'll read how we strengthened our dedication to amplify the voices of grassroots activists working to achieve a more just and equitable society. An increase in grant amounts, an option for multi-year funding, and adding unrestricted funding are some of the changes we've implemented.

World and domestic injustices make our mission—to support grassroots nonviolent radical activism for the liberation of all—even more critical. We stand at the ready, behind the scenes, in solidarity with activists to support their continued and crucial work, as safely as possible. None of this would have been possible without your unwavering support.

Your contributions, both financial and moral, are the backbone of our efforts. Your belief in our mission fuels our determination to navigate challenging times and continue the legacy of AJ Muste.

As we move forward into 2024—our 50th anniversary!--we look forward to another year of progress and meaningful change.

HIGHLIGHTS

In 2023, the organization revamped its grantmaking programs to accommodate the needs of small-staffed and all-volunteer-run organizations and associations by:

- Raising its maximum grant limit from \$5,000 to \$10,000
- Welcoming applications seeking general operating support in addition to its longstanding practice of funding project support
- Consider multi-year funding

Muste board and staff completed a 3-year strategic plan, working with management strategist Joseph Barretto. We have a new mission statement: we support grassroots nonviolent radical activism for the liberation of all.

As part of that plan, we **created a new full-time staff position**, Communications and Development Associate, and hired **Michelle Zappone** to fill that role. She's excited to build community relations and establish connections with hubs of youth activism.

Welcomed new board member Yuko Tonohira. Yuko is an organizer and illustrator, and has been a member of Sloths Against Nuclear State, Asian American Oral History Collective among others. She has organized educational events and created visual materials linking to anti-colonialism and anti-militarism struggles.

Ivan Morales, formerly with the NYS Youth Leadership Coalition, a longtime tenant with the Muste Institute, also **joined our board** and serves as treasurer. Ivan Chief Financial and Operating Officer of the Clara Lionel Foundation.
